

## Dashboard User Stories

<b>Who:</b> As a User	<b>What:</b> I want to view my dashboard
<b>Why:</b> To get a quick overview of my activities and notifications	
<b>Then:</b> I am redirected to this page by default. I see a preview of: upcoming sessions, pending tasks, recent activity.	

<b>Who:</b> As a User	<b>What:</b> I want to easily view upcoming sessions
<b>Why:</b> To rapidly track the number of sessions and when is the next one	
<b>Then:</b> I can see the number of upcoming sessions, click on the card to be redirected to the calendar, focused on the time period of the next session.	

<b>Who:</b> As a User	<b>What:</b> I want to easily view pending tasks
<b>Why:</b> To rapidly track the number of tasks and filter the one in progress	
<b>Then:</b> I can see the number of tasks in progress, click on the card to be redirected to the task manager, the tasks already filtered by "in progress".	

<b>Who:</b> As a User	<b>What:</b> I want to see notifications
<b>Why:</b> To stay informed about updates and keep track of what's new	
<b>Then:</b> I can see a summary of the recent activities, all the new notifications received about sessions, tasks, messages.
