

## Authentication User Stories

<b>Who:</b> As an unregistered Tutor	<b>What:</b> I want to create an account
<b>Why:</b> To be able to help students with their academic difficulties	
<b>Then:</b> When I click "Register", I can fill up a form and select the "Tutor" role. If any field doesn't meet requirements, I see a specific error message. After successful registration, I receive a verification email.	

<b>Who:</b> As an unregistered Student	<b>What:</b> I want to register on the platform
<b>Why:</b> To get academic support from tutors	
<b>Then:</b> When I click "Register", I can fill up a form and select the "Student" role. If any field doesn't meet requirements, I see a specific error message. After successful registration, I receive a verification email.	

<b>Who:</b> As a registered User	<b>What:</b> I want to log in my account
<b>Why:</b> To access my personalized learning/teaching space	
<b>Then:</b> I can enter my email and password. If credentials are incorrect, I see an error message. If credentials are correct, I'm redirected to my dashboard.	

<b>Who:</b> As a registered User	<b>What:</b> I want to reset my password
<b>Why:</b> To regain access to my account if I forget my credentials	
<b>Then:</b> I can click "Forgot Password". I must enter my email address. If the email is valid, I receive a reset password link by email. If the email isn't valid, I see an error message. Reset link is valid for 24 hours. After resetting the password, I can log in with a new password.
