Authentication User Stories

S1/1	Who: As an unregistered Tutor	What: I want to create an account
Why: To be able to help students with their academic difficulties		
Then: When I click "Register", I can fill up a form and select the "Tutor" role. If any field doesn't meet requirements, I see a specific error message. After successful registration, I receive a verification email.		

S1/2	Who: As an unregistered Student	What: I want to register on the platform
Why: To get academic support from tutors		
Then: When I click "Register", I can fill up a form and select the "Student" role. If any field doesn't meet requirements, I see a specific error message. After successful registration, I receive a verification email.		

S1/3	Who: As a registered User	What: I want to log in my account
Why: To access my personalized learning/teaching space		
Then: I can enter my email and password. If credentials are incorrect, I see an error message. If credentials are correct, I'm redirected to my dashboard.		

S1/4	Who: As a registered User	What: I want to reset my password
Why: To regain access to my account if I forget my credentials		
Then: I can click "Forgot Password". I must enter my email address. If the email is valid, I receive a reset password link by email. If the email isn't valid, I see an error message. Reset link is valid for 24 hours. After resetting the password, I can log in with a new password.
